

Clay Research

Vol. 40

June 2021

No. 1

CONTENTS

Title and author(s)	Pages
<i>Experimental and Descriptive Research Article</i>	
The Validation of Soil Transformation under Chhotanagpur Plateau – A Case Study <i>Samar K. Gangopadhyay, K. Das, S. Bandyopadhyay and T. Bhattacharyya</i>	.. 1
Taxonomical and Chemical Elements Ecological Groups in Plants of the Aral Sea <i>S. Sherimbetov and H. Khalbekova</i>	.. 12
Development of Al-Clay Composite by Friction Stir Process and its Characterization <i>Shashi Prakash Dwivedi and Mahesh Pandey</i>	.. 19
Ferruginous Soils of Humid Tropical Andaman and Nicobar Islands: their Pedology, Mineralogy and Edaphology <i>P. Chandran, S.K. Ray, Ranjan Paul, D. Vasu, K. Karthikeyan and S.G. Anantwar</i>	.. 27
Preparation, Properties, and Microbial Impact of Tungsten (VI) Oxide and Zinc (II) Oxide Nanoparticles Enriched Polyethylene Sebacate Nanocomposites <i>Amr S. Ismail, Amr H. Mady and Salah M. Tawfik</i>	.. 41
<i>Explorative and Theme based Research Article</i>	
Genesis and Usefulness of 0.7 nm Minerals (Kaolinite and Kaolin) in Indian Tropical Soils: An exploration <i>D. K. Pal</i>	.. 52
<i>Prof. SK Mukherjee – CMSI Foundation Lecture</i>	
Soil Clay Minerals and Ecosystem Services <i>Tapas Bhattacharyya</i>	S1-S4
<i>Membership Application Form</i>	
<i>Instructions to contributors</i>
