

Clay Research

Vol. 41

June 2022

No. 1

CONTENTS

Title and author(s)	Pages
<i>Experimental and Descriptive Research Article</i>	
Amorphous Ferri-Aluminosilicates in Relation to Soil Properties in Two Alluvial Soils of Assam, India <i>R.M. Karmakar and Gautam Borah</i>	.. 1
Mollisols of Sikkim: The Unique Soils of the Humid Temperate Zone of India <i>S.K. Gangopadhyay and T. Bhattacharyya</i>	.. 13
Chemical And Biological Synthesis, Characterization and Control Release Pattern of Iron Nanoparticles (Fe Nps) Under Incubation Experiment in <i>Typic Haplustepts</i> and <i>Typic Ustifluvents</i> Soil <i>Satdev Rokana, Nintu Mandal, Mahendra Singh, Amit Kumar Pradhan, Mainak Ghosh, Souvik Sadhu, Shruti Kumari, and Rakesh Kumar</i>	.. 36
Origin and Dispersal of Agriculture Activities in the Indo-Gangetic Plains (IGP) in Response to Climate Change and Neotectonics During Holocene <i>Pankaj Srivastava</i>	.. 60
<i>Prof. SK Mukherjee – CMSI Foundation Lecture</i>	
Present is the Key to The Past: Soils to Paleosols and Their Implications for Landscape Stability (Tectonism) and Climate Change Based on Micromorphology and Clay Mineralogy <i>Pankaj Srivastava</i>	.. S1
<i>Membership Application Form</i>	
<i>Instructions to contributors</i>
