

# Clay Research

---

Vol. 41

December 2022

No. 2

---

## CONTENTS

| Title and author(s)   | Pages  |
|---|--------|
| <i>Experimental and Descriptive Research Article</i>  |        |
| Characteristics and Mineralogy of Some Clay Rich Soils of Lower Indo-Gangetic Plains of Murshidabad District, West Bengal<br><i>Gangopadhyay, S.K., Ray, S.K., Maitra, A.K., Tewari, P. and Paul, R.</i>      | .. 69  |
| Pedochemical and Mineralogical Control on Green House Gas Emissions from Indian Agricultural Soils – A Commentary<br><i>Pal, D.K., Datta, A., Paul, R. and Tiwary, P.</i>                                     | .. 82  |
| Clay Mineralogical Diversity in Soil Systems: Insights from XRD Analyses Across Diverse Soil Orders<br><i>Jadhav, K.P., Ahmed, N., Datta, S.P., Ray, P., Meena, M.C., Shrivastava, M. and Chakraborty, D.</i> | .. 95  |
| Soil Taxonomy and Mineralogy of Varying Geological Parent Material in Moist Deciduous Forests in Southern Western Ghats, Kerala<br><i>Vishnu, P.S., Sandeep, S. and Anil Kumar, K.S.</i>                      | .. 102 |
| Potassium Forms and Their Relationships with Soil Properties and Clay Mineralogy in the Soils of Kumaon Himalayan Region of India<br><i>Mhalla, B., Ahmed, N., Das, D., Singh, B. and Das, A.</i>             | .. 113 |
| <i>Membership Application Form</i>  |        |
| <i>Instructions to contributors</i>   |        |
